The core business of Cleansing Service Group over the last 80 years has been liquid waste management for both domestic and industrial customers. This includes:

- Treatment services including:
 - Hazardous waste treatment (including bulk chemicals, drummed waste, rags, fly-tipped, etc);
 - Oil/water treatment (interceptor/gully/forecourt waste);
 - Bio-recycling of approved waste to agriculture; and
 - Landfill site (including asbestos and deep burial confidential waste).
- Liquid waste tankering and jetting including:
 - Sewage effluent;
 - Greasetrap waste;
 - Interceptor, drain and gully waste;
 - Leachate; and
 - Bulk liquid waste tankering.
- Servicing and maintenance including:
 - Sewage treatment plants and pump systems;
 - Interceptors (filters, etc); and
 - Sewer maintenance.
- Tank cleaning including:
 - Confined space entry;
 - Degassing;
 - Tank cleaning; and
 - Non-destructive testing.
- Emergency response services including:
 - Emergency tankering;
 - Pump station maintenance;
 - Spill response;
 - Collection of fly-tipped waste;
 - Site investigation; and
 - Contaminated land remediation.
- Industrial cleaning services including:
 - Building canopies;
 - Wash bays; and
 - Refuelling Islands.
